## Berglöfslådan

### - A Swedish industrial classics

We manufacture Berglöfslådan Original with our own tools.

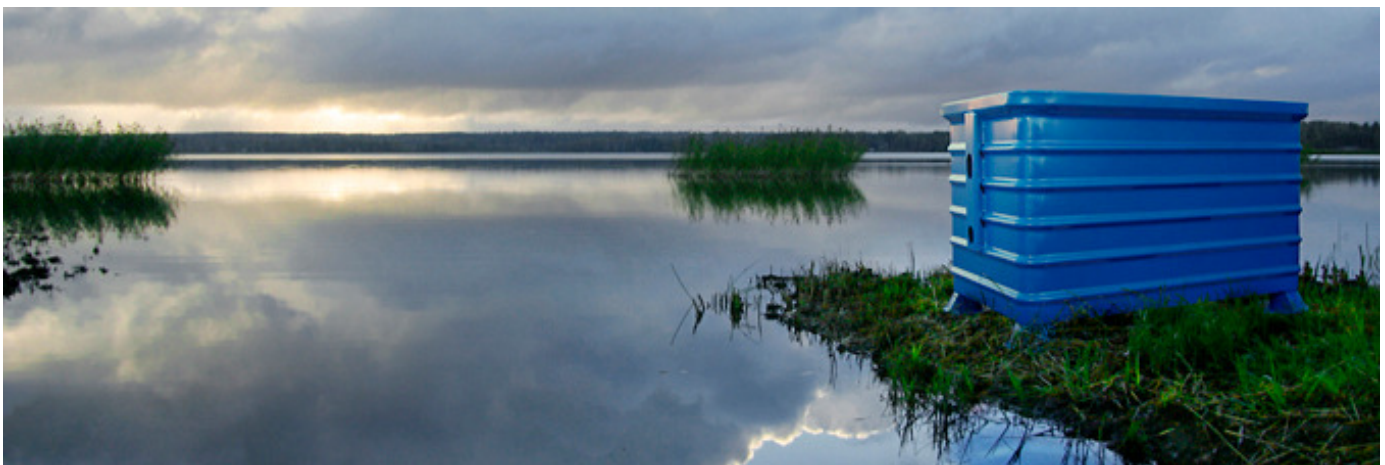

A Swedish industrial classics for heavy materials handling, industrial and storage.

A unique design that allows for a rational handling.

#### Benefits of Berglöfslådan

Ex. stronger bottom / walls, many dense, extra reinforcement, entire forklift pockets;  
Cap with hydraglik, holes for padlocks, etc..

- Stacked - requires minimal storage space
- Geometrically correct
- Robust and strong
- Handled by truck, lifting yoke or chains.
- The model 600 T can also be handled with our Swede Lift 2000
- Can be equipped with stackable lid
- Drain holes in the bottom of the standard box
- Labeling can be made by request
- Different types of feet. Standard is footing with the flange of 600 model.  
For sizes 1200 and 2000 replaced the foot flange to fork guides  
And the only regular foot.
- Is available in different colors as desired
- We also do special models according to customer
